

Thirteenth International Conference on Public Management, Policy, and Development

"Entrepreneurship for Sustainable Development"

Kigali, Rwanda, Eastern Africa • June 23-27, 2024

CALL FOR PAPERS

The Consortium for International Management Policy and Development (CIMPAD) in collaboration with Rwandan Host Universities: University of Rwanda (UR), East African University Rwanda (EAUR) & Adventist University of Central Africa (AUCA) are pleased to announce the 13th International conference that will be held at the Kigali Convention and Exhibition Village (KCEV) in Rwanda from June 23-27, 2024.

The 13th Conference to be held in Kigali will offer a platform for participants to showcase cutting-edge research, innovative ideas, and best practices in Entrepreneurship Policy and Good Governance for Sustainable Development. Presentations will cover diverse topics related to entrepreneurship, public policy, good governance, business strategies, public finance, education, gender issues, and arts. The conference will be enriching the blended experiences of academia, culture, and with emphasis on significant historical milestones. As result, participants will have the opportunity to immerse in the vibrant local culture, experience the positivity of the region's history, and receive warm hospitality.

General Objective:

The primary goal of this conference is to create a platform of entrepreneurs, policymakers, government officials, NGOs, and stakeholders for exploring global challenges and opportunities in the entrepreneurship ecosystem and lesson to learn, in Rwanda, African and beyond. The conference will focus on promoting entrepreneurship as a powerful driving tool of economic development, with special emphasis on empowering youth and women entrepreneurs.

Thirteenth International Conference on Public Management, Policy, and Development

"Entrepreneurship for Sustainable Development"

Kigali, Rwanda, Eastern Africa • June 23-27, 2024

Specific Objectives:

1. Facilitate knowledge exchange between stakeholders, entrepreneurial network in order to foster innovative and sustainable business practices in both public and private.
2. Discuss policies and frameworks that encourage entrepreneurship and create an enabling environment for startups and small businesses.
3. Explore strategies to enhance access to finance and mentorship opportunities for aspiring entrepreneurs.
4. Analyze the role of public policies in promoting entrepreneurship and its impact on peacemaking, public health, education, and good governance.
5. Empower and support youth and women-owned enterprises to contribute significantly to economic growth.
